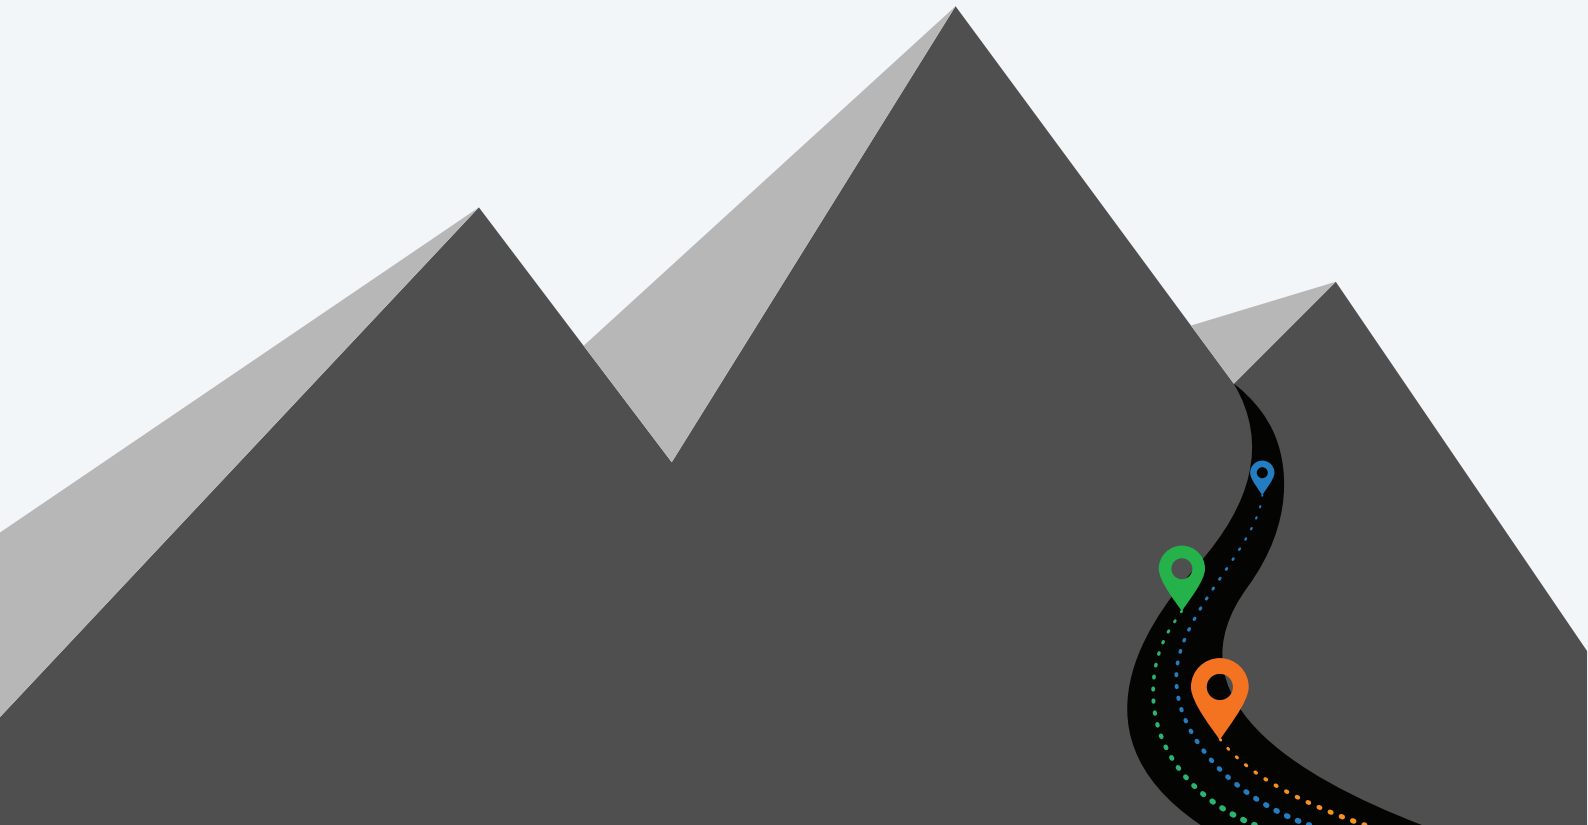
USER MANUAL

CYCLE RACE TRACKER



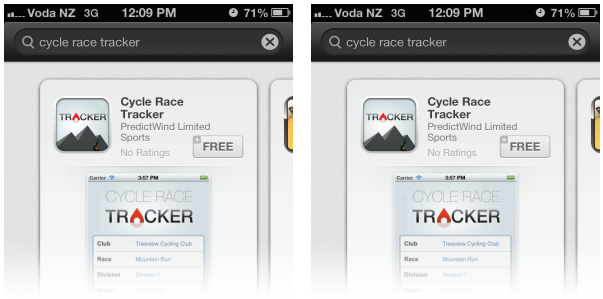
RIDERS

HOW TO

USER MANUAL

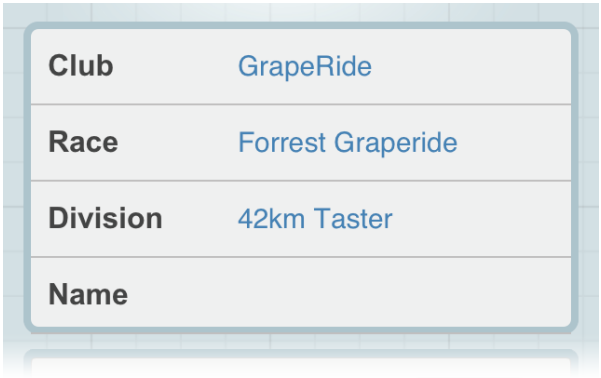
1 Download the App

Go to the App Store/Play Store and search for “**Cycle Race Tracker**”, and install the App



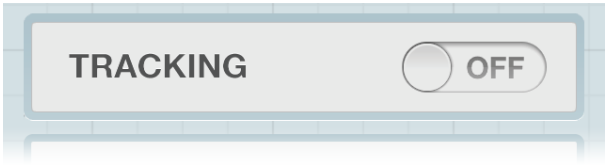
2 Set Up Your Event

Open the app and select your **Cycle Club, Race Division** and **Enter Your Name**.



3 Start Tracking

On race day make sure your battery is charged, **Turn on Tracking** and take your phone with you.



4 Go Race!

Slip your phone in a protective case to prevent any damage and get on your bike!

Data usage is approximately 2MB for a 24hr period

RIDERS

Remember

Make sure your battery is charged.

Turn off Wifi and Bluetooth to save battery.

Reboot phone or close all other apps for optimum battery performance.

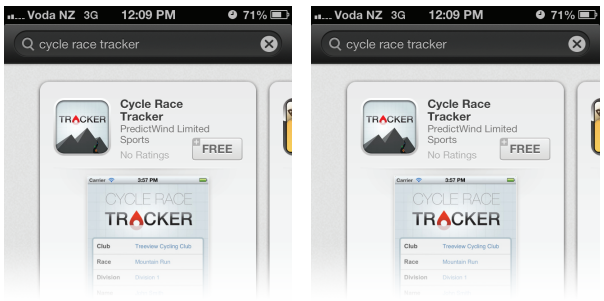
SPECTATORS

HOW TO

USER MANUAL

1 Download the App

Go to the App Store/Play Store and search for “**Cycle Race Tracker**”, and install the App

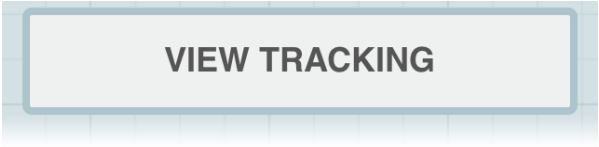


2 Set up the Race

Open the app and just select the **Cycle Club** and **Race Division.**

3 View Tracking

Once your race is set up tap **View Tracking** to follow the race.



4 Subscribe

If you haven’t already the app will ask you to **Subscribe** to view races. This will give you access to race tracking for 12months.

5 Select the Division and View Race

On the map view select the division to see all the tracks in real-time. Use the search box (type in your friend's name) and locate their most recent track update*.

*Tracking updates every 5 minutes
